Shivandru

Frontend Developer(React)

PROFESSIONAL SUMMARY

Results-oriented React front-end developer transitioning to full-stack expertise. Proven track record in crafting responsive and intuitive web applications using React, JavaScript, and CSS. Actively expanding proficiency in back-end technologies like Node.js and MongoDB. Committed to delivering high-quality, scalable solutions with a collaborative and proactive approach. Eager to contribute to dynamic projects and drive innovation in a full-stack development role.

PROJECTS

1. Superhero Resume | ⊕ | **⊕** HTML5 | CSS3

- Crafted a responsive Superhero Resume using HTML and CSS
- Implemented mobile-first design principles for a seamless user experience
- Utilized HTML5 and CSS3 to create visually stunning resume

- Implemented a modular and component-based architecture with React.js, enhancing code reusability and maintainability.
- Implemented user authentication features using React.js, providing a secure and personalized experience for users.
- Developed a responsive clone of the Gym Wolf website using React.js and Chakra UI, ensuring an optimal user experience.

WORK EXPERIENCE

TTEC

Operational Specialist

Jan 2022 - present

Job responsibilities:

 I serve as a Customer Care Executive, dedicated to resolving customer issues with a focus on providing effective and timely solutions. My role involves actively listening to customer concerns, addressing queries, and ensuring a positive customer experience through clear communication and problem resolution.
